General Principles

In accordance with the Accessibility Standards for Customer Service, Ontario Regulation 429/07, this policy addresses the following:

- A. The Provision of Goods and Services to Persons with Disabilities;
- B. The Use of Assistive Devices
- C. The Use of Guide Dogs, Service Animals and Service Dogs
- D. The Use of Support Persons
- E. Notice of Service Disruptions
- F. Customer Feedback
- G. Training
- H. Notice of Availability and Format of Required Documents

A. The Provision of Goods and Services to Persons with Disabilities

Hardwood Ski and Bike Inc. will make every reasonable effort to ensure that its policies, practices and procedures are consistent with the principles of dignity, independence, integration and equal opportunity by:

- ensuring that all guests receive the same value and quality;

- allowing guests with disabilities to do things in their own ways, at their own pace when accessing goods and services as long as this does not present a safety risk;
- using alternative methods when possible to ensure that guests with disabilities have access to the same services, in the same place and in a similar manner;
- taking into account individual needs when providing goods and services; and
- communicating in a manner that takes into account the guest's disability.

B. Assistive Devices

Guest's own assistive device(s):

Persons with disabilities may use their own assistive devices as required when accessing goods or services provided by Hardwood Ski and Bike Inc.

In cases where the assistive device presents a safety concern or where accessibility might be an issue, other reasonable measures will be used to ensure the access of goods and services.

For example, open flames and oxygen tanks cannot be near one another. Therefore, the accommodation of a guest with an oxygen tank may involve extinguishing candles and ensuring the guest is seated in a location that would be considered safe for both the guest and other patrons. Or, where elevators are not present and where an individual requires assistive devices for the purposes of mobility, seats that are easily accessible will be made available based on the availability of seats.

C. Guide Dogs, Service Animals and Service Dogs

A guest with a disability that is accompanied by guide dog, service animal or service dog will be allowed access to premises that are open to the public unless otherwise excluded by law. "No pet" policies do not apply to guide dogs, service animals and/or service dogs.

Food Service Areas:

A guest with a disability that is accompanied by a guide dog or service dog will be allowed access to food service areas that are open to the public unless otherwise excluded by law.

Other types of service animals are not permitted into food service areas due to the Health Protection and Promotion Act, Ontario Regulation 562 Section 60.

Exclusion Guidelines:

If a guide dog, service animal or service dog is excluded by law (see applicable laws below) Hardwood Ski and Bike Inc. will offer alternative methods to enable the person with a disability to access goods and services, when possible (for example, securing the animal in a safe location and offering the guidance of an employee).

Applicable Laws:

The Health Protection and Promotion Act, Ontario Regulation 562 Section 60, normally does not allow animals in places where food is manufactured, prepared, processed, handled, served, displayed, stored, sold or offered for sale. It does allow guide dogs and service dogs to go into places where food is served, sold or offered for sale. However, other types of service animals are not included in this exception.

Dog Owners' Liability Act, Ontario: If there is a conflict between a provision of this Act or of a regulation under this or any other Act relating to banned breeds (such as pitbulls) and a provision of a by-law passed by a municipality relating to these breeds, the provision that is more restrictive in relation to controls or bans on these breeds prevails.

Recognizing a Guide Dog, Service Dog and/or Service Animal:

If it is not readily apparent that the animal is being used by the guest for reasons relating to his or her disability, Hardwood Ski and Bike Inc. may request verification from the guest.

Verification may include:

- a letter from a physician or nurse confirming that the person requires the animal for reasons related to the disability;
- a valid identification card signed by the Attorney General of Ontario; or,
- a certificate of training from a recognized guide dog or service animal training school.

Care and Control of the Animal:

The guest that is accompanied by a guide dog, service dog and/or service animal is responsible for maintaining care and control of the animal at all time.

Allergies:

If a health and safety concern presents itself for example in the form of a severe allergy to the animal, Hardwood Ski and Bike Inc. will make all reasonable efforts to meet the needs of all individuals.

D. Support Persons

If a guest with a disability is accompanied by a support person, Hardwood Ski and Bike Inc. will ensure that both persons are allowed to enter the premises together and that the guest is not prevented from having access to the support person.

There may be times where seating and availability might prevent the guest and support person from sitting beside each other. In these situations Hardwood Ski and Bike Inc. will make every reasonable attempt to resolve the issue.

In situations where confidential information might be discussed, consent will be obtained from the guest, prior to any conversation where confidential information might be discussed.

Admission Fees:

Fees will not be charged for support persons for admission to Hardwood Ski and Bike's premises. Guests will be informed of this by a notice that will be posted in Hardwood Ski and Bike's premises.

E. Notice of Disruptions in Service

Service disruptions may occur due to reasons that may or may not be within the control or knowledge of Hardwood Ski and Bike Inc. In the event of any temporary disruptions to facilities or services that guests with disabilities rely on to access or use Hardwood Ski and Bike's goods or services, reasonable efforts will be made to provide advance notice. In some circumstances such as in the situation of unplanned temporary disruptions, advance notice may not be possible.

Notifications will include:

In the event that a notification needs to be posted the following information will be included unless it is not readily available or known:

- goods or services that are disrupted or unavailable
- reason for the disruption
- anticipated duration
- a description of alternative services or options

Notifications Options:

- verbally notifying guests when they are making a reservation; or
